

*The purpose of the Lyons Endowment Association is to build a significant fund of donor advisor and unrestricted donations to use for the continuous improvement of the City of Lyons, thus providing a better quality of life for its citizens for generations to come.*

*The Lyons Endowment Association (LEA) has made several important contributions to the City of Lyons. LEA's founders, Carol and Larry Frisbie, generously donated funds to purchase the bronze sculpture, Buddies, located on the Celebration Centre grounds. The LEA's volunteers maintain the flower pots around the Rice County Courthouse square. We provided the gazebo, lighting and other improvements in the Mural Park located on the West side of the square. The LEA paid for the LED Christmas lights used to decorate the deciduous trees and for the greenery and bows used to decorate the street lamps in the downtown area during the holiday season. If you would like to learn more about the Lyons Endowment Association, please contact Darlene M. McAllaster at 620-257-3634.*
